How We Reach Our Youth One Community At A Time

- **Through school, camp and hospital visits, children's charitable organizations and basketball court restorations.**

- **Through the organization of showtime basketball events that will bring the community out to support our project and goals. Lay out the project goals, challenge and delegate responsibilities to community leaders. Give them the tools to accomplish these goals through the help of sponsorship.**

- **Recognize and reward individuals/ organizations that give of their time and money to meet the goals established and support the specific project in the community.**

- **Launch a press kit to raise awareness and encourage involvement locally and nationally.**

- **Bring in- School unions, superintendents, community outreach coordinators, local politicians, police, neighborhood watch groups, and the local media to work as a team to accomplish every goal and bring broad support to each community project.**

- **FINALLY- We turn everything over to community leaders and give them the tools and techniques to continue to educate their community through basketball.**
